

WELCOMING THE PERFORMERS

Please welcome any performer you will see arriving to the venue.

« Hi, I'm X, welcome to the Plaza ! Are you Y ? How are you? So, your Stage Kitten is Z, I'm going to call her. She will take care of you during the whole event. Would you like to drink something? Please serve yourself over there.

“Hi, I'm Z, your stage kitten! I'm here to take care of you during the whole event, you can ask me all your questions. First, I'm going to show you your backstages. You can bring your luggages with you. Please leave near the stage your accessories and props you will require for your tech.”

TECH

“You will have your tech at X hour. Please come down near the stage by that time and take your accessories and props with you (only those you will require for the tech). Techs are short, we will check the lighting and the sound, you will run through your act only if you need it. Curtains open and close between each act, so I will help you to set you up behind the closed curtains. The music starts with curtain opening, at the announcement of your name. (If different, please advise Emma). “
